Following two successful Air Safari birding tours by private plane, we’re proud to offer the Western Australia Birding Extravaganza from Perth to the Kimberley. Targeting all local specialties, we’ll once again be using our own private chartered aircraft for this trip. Visiting iconic birding destinations such as Shark Bay, inland WA, the Pilbara, the Kimberley (including Broome) and Mitchell Plateau this once-in-a lifetime tour is bound to boost your species list significantly. We’ll be using our own private chartered aircraft for this trip, while ground excursions will be delivered by local bird guides in 4WD’s. This trip is a real adventure (yet fully accommodated), taking us across the vast expanse of the western Australian continent in comfort. Expect to see over 200 species, including Western Quail-thrush, Sandhill/Western/Pilbara/Black Grasswrens, Spinifex Pigeon, Grey Grey & Kimberley Honeyeater, Chestnut-quilled Rock-pigeon, Buff-sided Robin, Red-headed Honeyeater, many endemics and a vast array of other exciting birds. While we may encounter chilly mornings, during this time of year the weather is generally quite pleasant. The accommodation is in comfortable en-suite rooms and the rewards will be a great spread of Australia’s western outback bird species!

**Reports of previous tours:**
- As this is a new tour, there are no trip reports available, however, we ran a very successful Great Grasswren tour in 2016 using the same plane and another very successful Great Northern tour in 2018 using the same plane. We have been running Six and Nine Grasswren tours since 2006 and their trip reports can be found here: [http://www.bellbirdtours.com/reports/](http://www.bellbirdtours.com/reports/)
ITINERARY

Day 1: Tuesday 23 June. Melbourne-Adelaide-Perth. Early morning departure aboard our own comfortable, pressurized private airplane from Melbourne to Perth (WA). If necessary, we stop in Adelaide to pick up participants there. We’ll then fly over the Great Australian Bight providing spectacular views. We’ll stop near here, at Forrest, in the middle of nowhere, for lunch and to re-fuel. We arrive in Perth in time for dinner. Any Perth-based participants can join us here. Accommodation: Country Comfort Motel Belmont, Perth (en-suite motel room; meals; L, D).

Day 2: Wednesday 24 June. Perth – Cue. We’ll make an early departure for our short flight to Cue in inland, outback Western Australia. spend the full day birding the area between Cue and Mount Magnet, searching for Sandhill Grasswren and Western Quail-thrush. Another drawcard here is Bourke’s Parrot which we’ve seen on most prior visits. We’ll also spend time looking for other good species of the area, including Redthroat, Western Bowerbird, Little Woodswallow, Purple-backed Fairy-wren and Slaty-backed Thornbill. Accommodation: Motel in Cue or Mt Magnet (en-suite motel rooms; meals: B, L, D).

Day 3: Thursday 25 June. Cue-Shark Bay. After some more morning birding we’ll take a short flight to Shark Bay. This World Heritage site is located on the westernmost point of the Australian continent, and its coastal habitats have a number of exceptional natural features, the most well-known of which are its beds of stromatolites (colonies of microbial mats that form hard, dome-shaped deposits which are said to be the oldest life forms on earth). The beautiful remote scenery is home to a population of Western Grasswren which will be the main target of our visit. There are also Purple-backed Fairy-wren, Chiming Wedgebill and Rufous Fieldwren here. We’ll stay at the Monkey Mia resort, right on the beach where Indo-pacific Dolphins regularly come in to feed. Accommodation: Monkey Mia Resort, Shark Bay (en-suite hotel rooms; meals: B, L, D).

Day 4: Friday 26 June. Shark Bay – Newman. Another chance of Western Grasswren this morning, and after watching the dolphins come in to shore, we take a 2-hr flight to Newman, located centrally in the Pilbara and surrounded by millions of acres of spinifex and rocky outcrops. Today’s main target is the
recently-split Pilbara Grasswren (was whitei ssp of Striated) in the rocky spinifex-covered hills just outside the town. Other birds we may see today include Spinifex Pigeon, Spinifexbird, Cockatiel, Budgerigar, Western Gerygone, Major Mitchell Cockatoo and after we’ve located the grasswrens we’ll commence the search for Grey Honeyeater, while we also stand a good chance of Painted Finch, Grey-headed Honeyeater and Slaty-backed Thornbill. Accommodation: **Seasons Hotel, Newman** (en-suite hotel rooms; meals: B,L,D).

**Day 5: Saturday 27 June. Newman-Broome.** If needed, another chance for Pilbara Grasswren or any other birds desired but we’d like to make an early departure to nearby bird hotspot Broome. We will visit the famous Broome Bird Observatory we’ll explore famous Roebuck Bay and neighbouring areas in search of waders (with chance of Asian Dowitcher, Broadbilled Sandpiper and who knows: Common Redshank) and other shorebirds, as well as Striated Heron, Eastern Reef Egret, White-breasted and Mangrove Whistler, Broad-billed Flycatcher, Dusky Gerygone, Red-headed Honeyeater, Yellow White-eye and many, many more excellent birds! Accommodation: **Kimberley Sands Resort, Broome** (basic motel rooms with shared facilities; meals: B, L, D).

**Day 6: Sunday 28 June. Broome-Drysdale.** We’ll bird the morning around Broome and/or the Bird Observatory, then an exciting and scenic flight over the Kimberley awaits us to reach Drysdale Station, centrally located in the remote Kimberley. Arriving at Drysdale, we’ll check into our accommodation and have lunch, then spend the afternoon birding the local area. Species we may encounter here include Purple-crowned Fairy-wren, Long-tailed and Crimson Finch, Northern Shrike-tit, Banded, Bar-breasted, Yellow-tinted Honeyeater, Silver-crowned Friarbird and more. Accommodation: **Drysdale Station** (basic motel rooms with shared facilities; meals: B, L, D).
**Day 7: Monday 29 June.** We’ll spend the full day birding around laid-back Drysdale Station with further chances of Kimberley Honeyeater, as well as other good birds such as Crested (Northern) Shrike-tit, Purple-crowned Fairy-wren, Banded, Bar-breasted, Yellow-tinted Honeyeater Honeyeater, Long-tailed and Crimson Finch, Silver-crowned Friarbird and more. Accommodation: **Drysdale Station** (basic motel rooms with shared facilities; meals: B, L, D).

**Day 8: Tuesday 30 June.** Today we’ll search for Black Grasswren. Our plane will take us to the Mitchell Falls airstrip (15min) from where we’ll be helicoptered (15min) to the Mitchell Falls area, enjoying a stunning view of the falls on the way. We’ll spend most of the day exploring the landscape here, with its mix of tall grasses interspersed with huge boulders, and spinifex-clad slopes. Having found the Black Grasswren, we’ll turn our focus to other birds, such as Kimberley Honeyeater, Chestnut-quilled Rock Pigeon, Partridge Pigeon, Buff-sided Robin and more. At the end of the day, we’ll hit the skies again heading east to arrive in Kununurra in time for a well-earned dinner. Accommodation: **motel in Kununurra** (en-suite motel rooms; meals: B, L, D).

**Day 9: Wednesday 1 July.** Our final morning means an early start to go birding the swamps and lagoons and surrounding bush, around Kununurra. We aim for birds including Black-necked Stork, Glossy Ibis, Green Pygmy-goose, Wandering and Plumed whistling-duck, Grey-fronted, White-throated & Yellow-tinted Honeyeater, Silver-backed Butcherbird, Northern Fantail, Paperbark Flycatcher, Red-collared Lorikeet and much more. And of course there’s always a chance of Gouldian Finches and Yellow-rumped Mannikins! Mid-morning we depart and fly to Uluru (Ayers Rock) of which we’ll have fantastic views from the air. We land here, for lunch, and then continue on to Adelaide to drop any SA-based passengers before reaching our final destination, Essendon airport in Melbourne, at the end of the day. (TOUR ENDS; meals: B, L).
